

PURITI LAUNDRY CARE

# CHLORINE DESTAINER

LAUNDRY DESTAINER  
& DEODORISER

- Tackles difficult to remove stains
- Hypochlorite based formulation
- Bactericidal - kills all gram positive and gram negative bacteria

## USES

A liquid destaining additive with bactericidal properties for heavily stained fabrics. Add to the sluice wash phase for enhanced cleaning results.

Designed to penetrate and break down stains, allowing Puriti Detergent to remove the stain from the fabric more effectively during the main washing cycle. For use in conjunction with Puriti Detergent in automatic washing machines.

## DIRECTIONS

Typical dosage rate 6-9 ml per kilo dry weight, according to the odour and conditioning effect required.

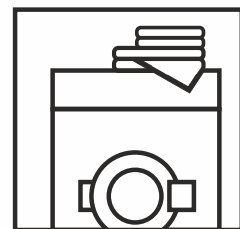

Pre-dilute or feed through Christeyns ULTRACARE dispensing equipment. Always wash and rinse fabric after using Chlorine Destainer. DO **NOT** use on woollens, silk or fabrics with the  symbol.

**N.B Chlorine Destainer will fade some fabrics.** Always consult the garment label for compatibility with hypochlorite bleach formulations. Coloured fabrics can fade when used with destaining products.

## DILUTIONS

CHLORINE DESTAINER : WATER	
Heavy soilage 1:150	Bactericidal 1:800

Code: 210
