

Sanitising Cleaner

- Diluted to optimum strength for best results
- Removes tea and coffee stains
- Disinfect desks and washable surfaces

USES

A ready-to-use sanitiser cleaner designed to clean and disinfect all water washable surfaces throughout staff canteens and kitchens.

Topit can be used to disinfect desks and washable work surfaces that require a high level of disinfection.

Ideal for removing tea and coffee stains from work surfaces.

DIRECTIONS

Spray onto surface, rinse away with clean water and allow to dry.

Contact time: 60 Seconds*

* For heavily soiled areas, clean first with TopIT and the re-apply to sanitise.

Use biocides safely. Always read the label and product information before use.

DILUTIONS

No dilution required.
