

SALGON

CONCENTRATED LIQUID RINSE ADDITIVE

- *Combats rust, iron and oxidation*
- *Effective against severe water hardness*
- *Decontaminates fabric from mineral deposits*

CLOVER 
CHEMICALS LTD
'Effective Cleaning Chemicals'
www.cloverchemicals.com

USES

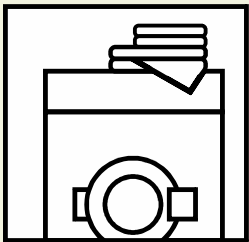

A clear concentrated liquid acidic rinse additive.

Salgon combats the effects of minerals and salts deposited during the rinse process.

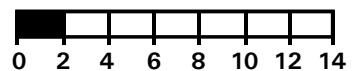

Use on all cotton fabrics to leave a fluffy, brighter appearance.

DIRECTIONS

Automatically dispense into the first rinse cycle. Typical dilution rate is between 20-50 ml per kilo of dry weight fabric, according to the level of deposits.
